The Greater Kingston Civic Association is a community-based association that represents neighbors within what is today known as Greater Kingston. Our neighborhoods are nestled within the boundaries of Route 70, Kings Highway and Interstate 295. The area comprises approximately 1800 households. It is in our collective interest to protect our neighborhood from border encroachments, inappropriate commerce, and diminished quality of life. GKCA is your source for pertinent news reports and early alerts on issues that affect our area. Please visit the GKCA website at: [www.greaterkingstoncivicasociation.org](http://www.greaterkingstoncivicasociation.org).

We live in an active area of Cherry Hill in a desirable neighborhood. Help us keep it that way by supporting your civic association.
